ORDER :

Government has been providing Internet facility to offices and officers in the AP Secretariat through APSCAN and APSWAN.

2. Internet access by departments both in Hyderabad and Districts has been so far through APSWAN for which Internet Band width of 10 Mbps has been provided centrally at Secretariat. This bandwidth is shared by all users. However, due to increase in usage of Internet access, many requests are coming from Departments for provision of higher and dedicated Internet Bandwidth of running their citizen centric applications which require assured response time. In order to overcome limitation of Link Band Width between Secretariat and Districts or Departments, it is suggested to departments, who are running citizen centric applications, to take Internet Band Width directly at the location of its use to ensure quality of service.

3. To facilitate departments for hiring Internet Band Width from Internet Service Providers, ITE&C Department has empanelled Internet Service Providers for provision of Internet Bandwidth of 2Mbps, 4Mbps, 6Mbps, 8Mbps, 10Mbps, 20Mbps, 40Mbps (1:1) Bandwidth to Government Departments across the State at special tariff vide G.O. 1st and 5th read above.

4. As the prices of Internet Bandwidth are coming down over period of time new proposals were called for and the following service providers are empanelled for provision of Internet Bandwidth of 2Mbps, 4Mbps, 6Mbps, 8Mbps, 10Mbps, 20Mbps, 40Mbps (1:1) to Government Departments and Offices across the State at the special tariff given below:
